

WELCOME TO A NEW ERA

A new era of cattle handling is here with the latest model of the world-renowned Q-Catch cattle chute. The Q-Catch 87 Series takes cattle handling to the next level with features designed to help you get the work done faster, and easier than ever before.

The new 3E Head Gate uses light to draw cattle into the chute with the barred design, minimizing the need for handler intervention and preventing stalls caused by hold-ups. With tons of new options available, such as the NEW 3rd Gen Head Holder, wheel kit, and trimming bar, you have the tools you need to get the job done right and get back more time for what really matters.

QUIET, QUIETER, QUIETEST

The new Q-Catch features **87 quiet points** from front to back, giving you the quietest handling experience possible. From our renowned rubber floor to the NEW bushings on slam latches, every point of the chute is crafted to be quiet.

HEAVY-DUTY Q-CATCH

Not only has the frame been bulked up with 2" x 6" beams on top and 3" x 3" beams on the bottom, the chute weighs in approximately **200 lbs heavier** than the 86 Series. Giving you the power to handle any bull without the hassle.

7-YEAR WARRANTY

The Q-Catch 87 Series is backed by our exclusive "**No Bull**" **7-year warranty** - the longest offered in the industry. Paired with lifetime guarantees on locking mechanisms, so you know your chute will last for decades to come.

BIGGER, BOLDER, BETTER THAN EVER.

The 700 Series lineup is our **biggest product launch ever**. With 11 unique products, plus countless configurations and accessories, you can customize your equipment to create the handling system of your dreams.

Big things come in small packages with our new portable handling systems. Featuring a reinvented sleek tow package, and a tub that folds in on itself to be less than 8' long, you can take this handling system over any terrain with ease, and set it up in less than 5 minutes when you get to your destination.
