

Q-Catch 87[®] Series Crush [8700]

Q-Catch 87 Series Deluxe Vet:

- Full-length parallel squeeze
- Vet cage squeeze with the crush allows you to narrow the crush before cattle enter, stopping cattle from turning around

Q-Catch 87 Series Standard:

- Allows you to work in limited space
- Variety of add-ons offered

Key features:

- 7-year crush warranty - Industry's longest cattle crush warranty ever offered
- NEW 3E Q-Catch Yoke Gate design uses light & cattle behavior to improve cattle flow
- Even quieter than the Q-Catch 86 Series with NEW poly-coated slam latches, poly bushings on all pivot points and hinges
- Scale-ready
- Upgraded heavy-duty frame with 51mm x 152mm beams
- NEW patent-pending Direct Drive System for faster yoke gate response
- Yoke gate opens to full 762mm top to bottom, and has a patented locking mechanism
- Yoke gate and squeeze locking mechanisms, rubber floor, and rump fingers are backed with lifetime warranty
- Bottom row of durable rump fingers helps to handle small calves
- Yoke gate handle can be situated anywhere along the side of the crush
- Rolling tail gate is top mounted to eliminate buildup and can be operated from either side of the crush
- Vet door swings 180° in and out of the crush
- Side access doors can be used independently or together
- Squeeze ranges from 749mm to 197mm and has a single lever push-pull operation
- Quietest flooring made from maintenance-free, molded rubber
- NEW drop-down needle bar lets you quickly access the animal's neck

Q-Power 107[™] Series Crush [1070]

- 3-year hydraulic crush warranty - Industry's longest hydraulic crush warranty ever offered
- NEW 3E Q-Power head & tail gates use light & cattle behavior to improve cattle flow even in the race
- Even quieter than the Q-Power 106 Series with NEW poly-coated slam latches, poly bushings on all pivot points and hinges
- Scale-ready
- Upgraded heavy-duty frame with 51mm x 152mm beams
- Yoke gate opens to full 762mm top to bottom, and has a patented locking mechanism
- Rubber floor and rump fingers are backed with lifetime warranty
- Bottom row of durable rump fingers helps to handle small calves
- Vet door swings 180° in and out of the crush
- Side access doors can be used independently or together
- Squeeze ranges from 749mm to 197mm
- Quietest flooring made from maintenance-free, molded rubber
