TEFLON SULLIVAN COMB W/ GRIP

Now the top comb in the industry has been improved by adding a NEW Texturized Grip to the handle giving the user a comfortable non-slip grip. This new grip is made from a unique cross-linked polymer alloy which creates a special non-slip diamond pattern with a textured finish. It easily withstands extreme show day conditions as well as keeping the comb more secure in the users back pocket and will not slide or fray.

The original theory of Teflon Combs dates back to 2001 when John Sullivan, Founder of Sullivan Supply and Stock Show University, and Scott Kinzer became frustrated with sticky clogged up combs.

Sullivan's Teflon Combs have revolutionized the way a comb can be used while fitting. Teflon is a solid polymer that is considered to be one of the world's most slippery and water resistance substances. It has one of the lowest measured coefficients of friction of any compound. Although not fool-proof, especially since adhesive is still a very sticky substance, you will be glad to see a 40 to 50% improvement of less matting, less hair drag, less static, and less stick to the comb. It is definitely easier to clean adhesives from this comb and saves time while fitting.

SKU: TSCW

### Sullivan's Teflon Fluffer Comb

Now the top combs in the industry, they have a new, improved Texturized Grip to give the user a comfortable non-slip grip. Sullivan's Teflon Combs have revolutionized the way a comb can be used while preparing show cattle. Get more leg hair perfection with Sullivan's NEW Teflon Combs. The NEW show day comb for all grooming. Teflon is a solid polymer that is considered to be one of the world's most slippery and water resistant substances. It has one of the lowest measured coefficients of friction of any compound. For our application, it creates a baked-on surface to the comb teeth for reduced friction and a nonstick lubricant that allows the comb to glide through the hair, especially with a sticky substance like adhesive.

Two Sullivan combs in one package featuring the Tiger Tooth Fluffer on one side and the very popular Sullivan Comb on the other - GREAT value comb. Tiger Tooth Fluffer on one side and Teflon Sullivan comb on the other.

### Sullivan's Teflon Tiger DoubleStuff Comb
